

Community Resources

The Southwest Tennessee Family Resource Directory is the most comprehensive reference available and includes information about the seven county service area. Each county has a County Resource Guide which has details related to the specific county: demographic information, adolescent treatment program, child care services, educational opportunities, employment opportunities, financial services, health/health related, housing, legal services, nutrition services, planning services, transportation, volunteer services, youth programs. Southwest Head Start also utilizes the Directory of Services and information about parenting classes and community education is available at each center.
